CRISIS MANAGEMENT and DISASTER RECOVERY PLAN

PURPOSE

An LSC crisis may occur in several different situations including times when the integrity or reputation of Pacific Swimming is threatened by adverse or negative attention; when, in the eyes of the media, public, or its membership, Pacific Swimming did not react to a given situation in an appropriate or timely manner, or when an emergency arises that may threaten the operations of the permanent offices of Pacific Swimming. During these times, it is vital that Pacific Swimming effectively manages communication through a formal, clearly defined channel to mitigate the crisis or any serious negative repercussions while maintaining its reputation of leadership and transparency. This Pacific Swimming Crisis Management Plan manages the distribution of critical, often sensitive, information to the media, the public, and its members, while the Disaster Recovery Plan is designed to insure business continuity by protecting the LSC from threats to its physical assets and IT-disabling disasters.

The role of the Pacific Swimming Board of Directors in Crisis Management and Disaster Recovery Planning

Under nonprofit governance laws, the members of the Pacific Swimming Board of Directors have the duty to exercise a high standard of care in managing the business of the organization. In an emergency, this duty extends to insuring that the assets of the organization are protected and helping the organization manage its communications with key stakeholders, members, strategic partners, employees, news media, and the community. The board's responsibility prior to a crisis is twofold: 1) to be sure there is a crisis management/disaster recovery plan in place and 2) to know and understand its own role in helping the organization through a crisis.

Descriptions or Key Positions:

- 1) Spokesperson: General Chair or Designee - The person authorized to speak to the news media, public, membership, and stake holders during a crisis.
- 2) Information Officer(s): Person(s) appointed by the General Chair and approved by the Pacific Swimming Board of Directors. The incident leader of the crisis communication plan who is charged with conducting the preliminary investigation of the crisis by gathering information from all relevant sources.

- 3) Crisis Communication Team: Members of the crisis communication team must be accessible any time of the day or night.
 - a) Primary Team: Spokesperson, Information Officer, USA Swimming Representative, Legal Counsel, Office Staff.
 - b) Secondary Team: Remaining members of the Pacific Swimming Executive Committee and the Secretary.
 - c) Situational: Other individuals may be identified collaboratively by the General Chair and Information Officer to serve on the crisis communication team based on their expertise and/or relationship to the situation. This may include the Officials Chair, Governance Chair, Diversity Chair, etc.
- 4) Stakeholders: Stakeholders are those members of key constituent groups who have a vested interest in Pacific Swimming. They include:
 - a) USA Swimming
 - b) Pacific Swimming Board of Directors and Staff Members
 - c) Pacific Swimming Members - Clubs, Coaches, Athletes, Non-Athletes
 - d) Parents of Pacific Swimming member athletes
 - e) LSC Volunteers (committees, events, etc.)
 - f) Partner Organizations and Sponsors
 - g) Media and the Public

GENERAL PROCEDURES

- 1) The General Chair, or his/her designee, is responsible for issues management. It is the responsibility of all Pacific Swimming board and staff members to constantly monitor the LSC and national swimming environments as well as the local, state, and national news coverage of issues or trends that might lead to public relations problems for Pacific Swimming. Upon becoming aware of the existence of any potentially harmful situation, board and staff members are required to contact the General Chair with as much information and documentation as possible regarding the potential situation. The General Chair or his/her designee, in consultation with selected board members and staff, will immediately create and implement a plan that could include intervention or mediation to help mitigate any impending crisis.
- 2) Realizing that not all crises are preventable, it is the responsibility of the Pacific Swimming Board of Directors, through the office of the General Chair, to have an appropriate crisis preparation plan in place that includes the education of all board members with respect to that plan and their roles during a crisis.
- 3) The General Chair, or his/her designee, will serve as the Spokesperson in the event of a crisis. If approached, board members should refer all inquiries to the designated Spokesperson.
- 4) At its first meeting following the fall Pacific Swimming HOD meeting, the Board of Directors will review the current LSC crisis management plan to ensure that all board members are aware of the procedures and their roles during a crisis. Also, at this meeting, the General Chair will bring forth for board approval two recommended appointees to serve as a potential crisis Information Officer for

the upcoming year. These appointees must be current members of the Pacific Swimming Board of Directors, be readily available to lead the investigation of a crisis, be thorough and detail-oriented, and possess the ability to remain calm under pressure.

- 5) Should a crisis arise during the year that requires activation of the Pacific Swimming crisis management plan, the General Chair will select one of the two approved appointees as the Information Officer for that situation. That selection will be based primarily on the nature of the crisis with respect to both the board position of the selected appointee and his/her relationship to the crisis situation.

BEST PRACTICES

In the event of a crisis, the Board of Directors of Pacific Swimming will adhere to the following best practices:

- 1) Crisis prevention is a priority for Pacific Swimming and is supported by continually maintaining sound business practices and effective internal and external communications.
- 2) The Board of Directors should budget for and facilitate media training for the designated Spokesperson and staff members to learn strategies to effectively deal with the media during times of crisis.
- 3) Pacific Swimming board members and staff will remain "calm" and take the "high road" during a time of crisis. It is imperative to remain focused under pressure situations to allow for the best possible handling of the crisis and to ensure that the business operations of Pacific Swimming continue to be carried out effectively and professionally during any time of crisis.
- 4) Pacific Swimming understands the urgency in getting its message out first. This allows Pacific Swimming to better control the content and its accuracy as well as stabilizing the situation and solidifying the reputation of Pacific Swimming. Crisis communication planning must be designed to help manage the first 48 hours of an emergency.
- 5) After gathering facts to help understand the crisis, it is imperative that Pacific Swimming communicates the right message. Consultation with legal counsel may be necessary to ensure that appropriate information is shared at the appropriate time(s).
- 6) Board members should return phone calls and emails directing the inquirer to the designated Spokesperson. The Spokesperson is responsible for following up with all communications including phone calls and emails. Under no circumstances should a board member provide any information other than the contact information for the Spokesperson when approached.
- 7) As soon as possible upon receipt of any information pertaining to the crisis, board members should immediately relay that information to the Information Officer.
- 8) Private conversations among board members are the preferred method of communication during a time of crisis. Pacific

Swimming Board of Directors members should minimize the use of email communications related to any existing crisis during the activation of the crisis management plan.

- 9) The Information Officer will share information regarding the crisis with the board members and stakeholders of Pacific Swimming at the appropriate time.
- 10) Issues regarding personnel and Board of Review matters are to remain confidential.
- 11) The Pacific Swimming Office will serve as the permanent repository for all critical Pacific Swimming documents, news releases and/or fact sheets related to any crisis.
- 12) Records of all communications should be kept in the permanent files of Pacific Swimming. These include summaries of phone or verbal communications which should be prepared immediately or as soon as possible to avoid memory lapse as well as copies of written communications and emails.

It is the responsibility of each staff member, in collaboration with the General Chair and the Treasurer, to ensure that an effective plan is constructed and communicated. Components of that Plan should include the following:
